It has been reported that David Cameron is to announce that he will renegotiate Britain's relationship with Europe, seeking to bring back some powers to the UK. He will then hold a referendum asking people to choose between Britain staying in the EU under renegotiated terms or leaving the EU completely.

Which type of referendum do you think would be better?

Britain should renegotiate our relationship with Europe to get the best deal we can, and then hold a referendum on whether to approve the new relationship or leave totally

48

Britain should hold a referendum on whether to stay in the European Union as it is or leave totally, there is no need to negotiate

22

There should not be any sort of referendum on Europe
