	Male	Female	18 to 24	25 to 34	35 to 44	45 to 54	55+	ABC1	C2DE	North East Scotland	Highlands & Islands	South Scotland	West Scotland	Central	Mid-Scotland & Fife	Lothians

Scotland currently uses a mix of coal, oil, gas, nuclear and renewable energy to power and heat our homes and businesses. Renewable energy sources include onshore and offshore wind, hydro, bioenergy, wave and tidal energy.

I support the continuing development of wind power as part of a mix of renewable and conventional forms of electricity generation:
