It has been suggested that in future, if troubled Eurozone countries require bail-outs for their banks, this should be partly funded by a special wealth tax (that is, a tax on the amount of wealth people have, such as savings, property and assets, rather than their annual income) on wealthy individuals in that country.

Generally speaking, would you support or oppose such a wealth tax, if it were introduced for the wealthiest people IN THOSE COUNTRIES REQUIRING A BAILOUT?

Some people think that countries voting politically means it is now impossible for certain countries to win the Eurovision song contest. Other people think countries lose because their entries to the competition just haven't been good enough.

Which of the following best represents your view?

Some countries suffer unfairly from political voting by other competing countries, and don't have any real chance of winning Eurovision	75	43	48	41	34	42	33
All countries have a good chance of winning Eurovision if they enter good enough songs	10	30	24	30	35	36	42
