If the postal survey on same-sex marriage in Australia returns a 'yes' result, what do you think the government should do?

They should pass a law straight away to legalise same-sex marriage	58	65	52	77	47	66	52	86	13	61	55	81	54	62	66	67	54	57	52

And if it does come to a vote in Parliament after a "yes" result, what do you think MPs who personally oppose same-sex marriage should do?

They should vote against same sex-marriage, in line with their own consciences	42	30	51	26	58	32	54	25	79	34	50	21	48	37	24	43	48	40	47

Some have called for a full parliamentary audit to determine whether MPs have complied with section 44 of the Constitution, which rules dual citizens are ineligible for parliament. Do you think this is a good or bad idea?

As you may know, there is a difference between tax AVOIDANCE, whereby companies/people use artificial but legal methods to minimise the tax they pay, and tax EVASION, where companies/people act illegally to pay less tax, or no tax at all.

Do you think the Government should be doing more to crack down on tax EVASION, or do you think they are doing enough already?

They should be doing more	78	79	79	77	86	80	80	83	81	77	82	80	81	75	69	70	75	76	89
