## 13. Approve Overtime Proposal

Currently, businesses are exempt from paying salaried employees who earn more than $\$ 23,660$ overtime pay. The federal government has proposed a new rule to raise the threshold to $\$ 50,440$. Some people argue this will help workers because it will increase the number of people eligible to receive overtime pay. Other people argue that this will hurt workers because the new rule will force employers to reduce employee hours or cut the number of employees. Do you approve or disapprove of the new overtime proposal?

The Economist
YouGov
July 4-6, 2015
U.S. citizens, aged 18 and over.

Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by age, gender, race, education, and region) was selected from the 2010 American Community Study. Voter registration was imputed from the November 2010 Current Population Survey Registration and Voting Supplement. Religion, political interest, minor party identification, and non-placement on an ideology scale, were imputed from the 2008 Pew Religion in American Life Survey.

The sample was weighted using propensity scores based on age, gender, race, education, news interest, voter registration, and non-placement on an ideology scale. The weights range from 0.1 to 7.1 , with a mean of one and a standard deviation of 1.15 .
