Methodological note

This was a survey of members of the CBI.

A list of members was given to YouGov by the CBI. All were invited to complete the survey, both by sending a letter and a paper questionnaire to their business address and by sending an online link to the survey by email.

To maximise the response rate the survey was left open for completion for a period of six weeks (from 13th June to 30th July 2013). During that time non-respondents were sent two reminder emails and contacted by telephone to encourage their participation.

The final number of responses was 415.
