Thinking about the relationship between the European Union and member states, do you think...?																	
	There should be a closer union between EU countries, with member states giving more powers to the EU institutions	11	12	25	26	31	33	15	13	9	9	12	14	12	17		
	There should be a less close union between EU countries, with some current EU powers being returned to the member states	41	40	34	34	32	30	37	36	37	37	36	37	31	33

The Iran nuclear deal aimed to curb Iranian nuclear activities in return for the lifting of UN, US and EU sanctions. The US government is re-imposing strict sanctions on Iran after pulling out of the Iran nuclear deal in May 2018. Some think the European countries should maintain their commitment to the agreement and expand trade with Iran while others think continuing Iranian deals will risk damaging relations between the US and European businesses.

The EU has begun reviving legislation that will allow European companies to continue doing business with Iran, despite US sanctions.

Which of the following comes closest to your view?

The EU should do more to protect European companies from US sanctions for doing business with Iran	32	42	37	32	31	27	36	25
