5J. Trump Tweets January 28, 2020 — The Fed should get smart & lower the Rate to make our interest competitive with other Countries which pay much lower even though we are, by far, the high standard. We would then focus on paying off & refinancing debt! There is almost no inflation-this is the time (2 years late)!

5M. Trump Tweets January 28, 2020 — Really pathetic how @FoxNews is trying to be so politically correct by loading the airwaves with Democrats like Chris Van Hollen, the no name Senator from Maryland. He has been on forever playing up the Impeachment Hoax. Dems wouldn't even give Fox their low ratings debates....
