

**YouGov / Sustrans**

Sample Size: 9122 UK Adults (of which 1370 are parents of children aged 5 to 16)

Fieldwork: 27th February - 7th March 2017

Government Region												
North East	North West	Yorkshire and the Humber	East Midlands	West Midlands	East of England	London	South East	South West	England (NET)	Wales	Scotland	Northern Ireland

For the following question, by physical activity, we mean any exercise (e.g. running, skipping, playing sport etc.) This can be part of the school day (e.g. playtime, during lunch, in a PE lesson etc.) or out of school. Still thinking about your child aged 5 to 16 years old whose birthday is next...

On average how many days a week, if any, does your child get at least 60 minutes of physical activity? (if you are unsure, please give your best estimate)
