In the event that Britain DOES leave the European Union, what sort of future relationship do you think Britain should seek with the rest of the EU?

Before Britain leaves the European Union there will be a period of negotiations while the arrangements for our exit are agreed. Which of the following best reflects your view?

Britain should leave the EU as soon as possible, within the next year and with the minimum of negotiations. We can sort out future relationships later	22	4	44	23	17	12	61	23	21	6	17	26	35	18	27	15	23	26	22	14
