This data is unweighted and therefore may not be fully representative of Unite members. Respondents are all members of the YouGov's online panel and have told us they are members of the Unite union.

The poll is unweighted as there is no available information on the demographics of Unite's members. The gender breakdown is in line with Unite's latest submission to the Trade Union Certifications Officer.

**Any percentages calculated on bases fewer than 50 respondents do not represent a wide enough cross-section of the target population to be considered statistically reliable. These figures will be italicised.*
