In the previous question, you said that you have savings and/or investments with one or more Scottish banks, pension providers or investment trusts. If Scotland would become independent and did not keep the British pound... Would you be more or less likely to move these savings and/or investments out of Scotland to an England-based provider, or would it make no difference?

[Asked to those who do have savings and/or investments in Scotland; n=762]

More likely to move my savings/ investments to an England-based provider Less likely to move my savings/ investments to an England-based provider No difference Don't know

33 47 34 45 39 14 13 16 10 

Many Britons keep their savings and investments in Scottish-based institutions. How much of Britons' savings and investments do you think is currently kept in Scotland? (Please give your answer in the box below to the nearest billion pounds)

£0 - £10bn £11 - £100bn 11 14 11 £101 - £749bn £750bn + 77 72 79 81 65 72 78 Don't know 76 68 79 79 75 71
