6. Trump Obligation

As you may know, a supporter of Donald Trump made the following statement when asking Trump a question at a rally:

"We have a problem in this country: it's called Muslims. We know our current president is one. You know he's not even an American. Birth certificate, man! ... But anyway, we have training camps growing where they want to kill us. That's my question: when can we get rid of 'em?"

Do you think Donald Trump had an obligation to challenge that person?
