## In competitive/potentially competitive Congressional Districts

5. As best you can recall, have you voted in a midterm election before in your state before, either in 2014 or 2010?

Yes .....	77%
No .....	23%

6. Compared to voting in a Presidential election, do you feel that a vote in the Congressional midterms this year matters...

More than a Presidential election .....	23%
As much as a Presidential election .....	67%
Less than a Presidential election .....	10%

7. If the election for U.S. House of Representatives were being held today, who would you vote for in the district where you live?

*Asked of those voting in 2018 elections*

Democratic candidate .....	45%
Republican candidate .....	41%
Independent candidate .....	0%
Someone else .....	2%
Not sure .....	10%
I would not vote .....	2%

8. Do you think of your vote for Congress as ...

*Asked of those voting for Democrats*

Mostly for the policies of the Democratic party .....	57%
Mostly against the policies of the Republican party .....	43%

9. Would you ever consider voting for a Republican congressional candidate this year?

*Asked of those voting for Democrats*

Yes .....	15%
No .....	74%
Not sure .....	11%

10. Do you think of your vote for Congress as ...

*Asked of those voting for Republicans*

Mostly for the policies of the Republican party .....	59%
Mostly against the policies of the Democratic party .....	41%

# CBS News YouGov 2018 Battleground Tracker

## In competitive/potentially competitive Congressional Districts

### 11. Would you ever consider voting for a Democratic congressional candidate this year?

*Asked of those voting for Republicans*

Yes .....	16%
No .....	72%
Not sure .....	12%

### 12. How do you feel about voting in the election in November?

*Asked of those voting in 2018 elections*

Very enthusiastic .....	52%
Somewhat enthusiastic .....	31%
Not very enthusiastic .....	17%

### 13. Would your 2018 Congressional vote be...

*Asked of those voting in 2018 elections*

In support of Donald Trump .....	34%
In opposition to Donald Trump .....	39%
Not about Donald Trump .....	27%

### 14. If these were among your choices for Congress, would you consider voting for...

	Yes	No
A Republican who was often independent from Donald Trump	50%	50%
A Republican who was in line with Donald Trump as much as possible	46%	54%
A Democrat who wanted to impeach Trump	47%	53%
A Democrat willing to work with Trump	48%	52%

### 15. How would you rate the job Donald Trump is doing as President?

Very good .....	30%
Somewhat good .....	18%
Somewhat bad .....	10%
Very bad .....	42%

# CBS News YouGov 2018 Battleground Tracker

## In competitive/potentially competitive Congressional Districts

16. Overall, how satisfied are you with the way things are going in the U.S. right now?

Very satisfied	17%
Somewhat satisfied	29%
Somewhat dissatisfied	22%
Very dissatisfied	32%

17. Do you think the policies of the Trump Administration are responsible for the current state of the economy in your area?

Yes, a lot	34%
Yes, some	22%
Yes, a little	21%
No, not at all	23%

18. Do you think of your vote for the House of Representatives this fall...?

*Asked of those voting in 2018 elections*

To help Democrats gain control of the House	43%
To help Republicans keep control about the House	38%
Not about party control of the House	19%

19. Whether or not you agree with them on everything, do you feel that Donald Trump and the Republicans in Congress work for, work against, or are neutral toward...

	Work for	Work against	Are neutral
People of your racial group	47%	26%	27%
People of your faith/religion	40%	28%	32%

# HOW THE POLL WAS CONDUCTED AND THE MARGIN OF ERROR CALCULATED

September 23, 2018

The CBS News 2018 Battleground Tracker is a panel study based on interviews conducted of registered voters in 61 competitive and likely competitive congressional districts in the United States. The poll was conducted by YouGov, an online polling company.

This poll was fielded between September 17–21, 2018 with 4,557 respondents. The respondents were selected from YouGov's online panels to be representative of registered voters in these districts in terms of age, race, gender, and education. The sample was weighted according to gender, age, race, and education, based on the American Community Survey, conducted by the U.S. Bureau of the Census, as well as 2016 Presidential vote, and post-stratified on district type. The weights were trimmed to have a maximum value of 8, and range from 0.2 to 8, with a mean of 1 and a standard deviation of 0.9.

The set of competitive and likely competitive districts in this wave are: AR02, AZ01, AZ02, CA10, CA21, CA25, CA39, CA45, CA48, CA49, CO06, FL18, FL26, FL27, GA06, IA01, IA03, IL06, IL12, IL13, IL14, KS02, KS03, KY06, ME02, MI08, MI11, MN01, MN02, MN03, MN08, NC09, NC13, NE02, NH01, NJ02, NJ03, NJ07, NJ11, NM02, NV03, NY19, NY22, NY24, OH01, OH10, OH12, PA01, PA05, PA06, PA07, PA17, TX07, TX23, TX32, UT04, VA02, VA07, VA10, WA08, WV03.

The *margin of error* (a 95% confidence interval) for a sample percentage  $p$  based upon the entire sample is approximately 1.9%. It is calculated using the formula

$$\hat{p} \pm 100 \times \sqrt{\frac{1 + CV^2}{n}}$$

where CV is the coefficient of variation of the sample weights and  $n$  is the sample size used to compute the proportion. This is a measure of sampling error (the average of all estimates obtained using the same sample selection and weighting procedures repeatedly). The sample estimate should differ from its expected value by less than margin of error in 95 percent of all samples. It does not reflect non-sampling errors, including potential selection bias in panel participation or in response to a particular survey.

# HOUSE MODEL METHODOLOGY

September 23, 2018

The CBS News – YouGov House Model is based on interviews with 42,737 registered voters from September 5–20, 2018, including respondents from the CBS News Battleground Tracker as well as other YouGov surveys. While this is a large sample, we nonetheless use the model to produce more reliable estimates for the districts than would be achievable based on the amount of sample in each of them alone, and the model accounts for the uncertainty around each of those estimates. The House estimate's margin of error corresponds to a 95% confidence interval.

We use a technique called Multilevel Regression and Post-stratification (or MRP for short) to produce estimates for all 435 Congressional districts. The idea behind MRP is to use the polling data from the preceding seven days to estimate a model relating interview date, district, voter demographics, past voting behavior, and other respondent profile variables to their current voting intentions. This model is then used to estimate the probability that a voter with specified characteristics prefers the Democratic or Republican House candidate. Using data from the American Community Survey, the Current Population Survey, both produced by the US Census, and past election results, we estimated the number of each type of voter in each district. We also estimated a turnout model using data on past midterm elections. The product of estimated party preference rates, turnout rates, and census counts provides an estimate of the number of voters in each district intending to vote for a party on each day.

The models were simulated repeatedly to obtain a range of estimates and corresponding confidence intervals for each of the 435 seats and the total number of seats won by each party.
